Over the past two years, CEC employees have donated over \$12,300 to families and children in need in our community. You all have helped FOUR Families provide Christmas for their children. You have given over 20 children a Christmas morning they will never forget. You have provided electric bill payments for folks who wondered if they would have heat that night. You have given many the opportunity for a meal on Christmas day when they wondered if they would eat at all.

This year we have adopted 10 children to provide a minimum of 4 gifts each. These are just 10 children out of the 240 that are currently in need within the First Steps program. With your generosity, let's provide them an unforgettable Christmas and bless them all (maybe even adopt a few more!)

Donations may be made by adopting a child, bringing in a gift(s) on the list, or donate money towards the purchase of a gift(s).
